About Western Desert Resources Limited

Western Desert Resources (WDR) is an ASX listed Australian exploration company with a diversified portfolio of projects in Australia. WDR has identified advanced prospects in iron ore, gold, molybdenum, and tungsten.

Core projects are: the Roper Bar Iron Ore Project in the Northern Territory located close to the Roper River; and the Rover gold/copper project near Tennant Creek, also in the Northern Territory.

WDR holds a strategic (11.53%) stake in Thor Mining Plc, which is listed on the United Kingdom AIM market. Thor Mining owns the Molyhil Molybdenum / Tungsten project, located north east of Alice Springs. An off-take agreement is in place with CITIC, China's leading energy and base metal producer.
